

Exit/Quit

Overview

This link provides a way for the data entry person to logout of IMS and to close the browser.

Uniform Data Entry Procedure

At this time, there are no Uniform Data Entry Procedures related to Exit/Quit.

Access to Screen

From the Main Menu, select Exit/Quit under the Utilities section.

Use Exit/Quit

1. Select Exit/Close under the Utilities section of the Main Menu.

Note: A warning dialogue box appears to give the data entry person to back out of this operation.
