

Level 6 Admin Meeting

August 23, 2016

Custom View Templates

Count Reports in Stand-Alone

- Weighted Enrollment Resident Detail
- IDEA 94-142 Detail
- Service Roster with Additional Services and Counts

- Emailed the custom view templates to Level 6 admins August 23rd.
- Copy and paste data from excel reports into the custom views that have been pre-set with districts in your AEA.

Add Student Move-In

- Wording was changed when adding a student as a move-in option (August 19, 2016):

! ATTENTION !

No student match was found. Please indicate your 'ADD' choice:

- Attending out-of-state with an IEP. Only pages A, F, and RSD data are required for completion and validation.
- Moved-in from another state with an IEP. Close to count, you may select "Move-in" as the IEP meeting type (only pages A, F and RSD required for completion and validation). At all other times, select a different IEP meeting type (review, reevaluation, interim).
- Begin Child Find process
- Don't add the student, as I need to do more research on the name and DOB. IMS can help if the student is in the system under another name

- This request came from the DE based on the some changes in the Release Notes for the August 2016 SE Statewide Procedures.

Report Updates

- **AEA/LEA Reports**
 - Added minutes/frequency to Support Services and Attending and Resident (formerly Alpha)
- **Stand-Alone IMS Count Reports**
 - Count 2011 data was updated to pull from the correct Count file.

Report Update

- July 18 – IEP Agency Data Export
 - You might recall I sent an email in regard to a Windows update that is causing you to have to download ‘some’ reports and choose ‘properties’ and ‘unblock’ to view the data in the report.
 - We are working to resolve this issue. However, this will take some time to program.
 - My apologies for the extra steps that are required due to this update. I will let you know as soon as this issue has been resolved.
 - If you have questions about which reports this impacts OR have lost the directions please feel free to contact me.

AEA 9 Update

- Update on Data Dashboard Templates created by AEA 9

Page A Teacher/Roster

- How is your AEA handling page A teacher versus service provider (which are you using for rostered teacher)?
- How is this impacting rosters that you send out?

- Created Google Doc to share responses to these questions.
